AIR INTELLIGENCE INFORMATION REPORT

(Agency) King Intelligence Office Besse Air Force Base, Texas	REPORT NO. IR-67-52	PAGE 2 OF 2 PAGES
---	------------------------	-------------------

SUBJECT: FLYOVERPT

*children's time 2100-25
speller his FBI court*

1. On 24 August 1952 between the hours of 2130 and 2400 two (2) unidentified flying objects were sighted. The objects sighted were spherical in shape and tapered off at bottom forming an object resembling a top and revolving very rapidly. First object sighted hovered in mid-air for approximately twenty (20) minutes then object started a straight and level flight before disappearing north northwest of observer. It took approximately three (3) minutes for object to disappear. Approximately one (1) hour later second object appeared and repeated same maneuvers. During the time stated above objects would fade out then reappear, sometimes together at approximately the same altitude.

The observers agreed that objects when first sighted seemed to be in a mist. Approximately one (1) minute after objects were sighted mist disappeared and objects would be very clear. Subject objects emitted a constant glow changing from a red to yellow and then blue and kept changing colors in this manner until disappearing.

Mr. [redacted] and wife was under the opinion that the base of object had holes for steam or vapor to escape. Objects gave forth a shrill sound such as whistling and a tail of fire following objects. Size of object was estimated to be three (3) feet in diameter and no estimate of thickness of object was made.

Manner disappearance of object: Object was hovering in mid-air then started a straight and level flight, veered upward and continued to gain altitude until out of sight of observers.

2. Objects were sighted between the hours of 2130 and 2400, 24 August 1952. Objects sighted were north northwest of observers.

3. Objects were viewed with naked eye. No optical or electronic equipment used.

4. Observation took place at FJCO 3735 in the city of Levelland, Texas. Object appeared north northwest point of observation at approximately four (4) to five (5) miles at a estimated altitude of 5000 feet. The only feasible landmark was a watertower approximately six (6) blocks due west point of observation.

5. Information concerning the reliability and experience of the observers is limited altho observers were very sincere in their efforts to help this organization.

6. The weather condition at 2130 hours, 24 August 1952 was: Clear, Temperature 68 degrees, fifteen (15) mile visibility, wind south southeast at sixteen (16) knots.

7. At 2100 hours this station released a weather balloon. Weather station disclosed that weather balloon had a south southeast heading to 16,000 feet.

8. Physical evidence such as fragments, photographs, etc. were nonexistent.

9. No interception or identification action taken.

10. No evidence of any air traffic in the general area at time of sighting.

NOTE: THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES WITHIN THE MEANING OF THE ESPIONAGE ACT, 50 U. S. C.—31 AND 32, AS AMENDED. ITS TRANSMISSION OR THE REVELATION OF ITS CONTENTS IN ANY MANNER TO AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. IT MAY NOT BE REPRODUCED IN WHOLE OR IN PART, BY OTHER THAN UNITED STATES AIR FORCE AGENCIES, EXCEPT BY PERMISSION OF THE DIRECTOR OF INTELLIGENCE, USAF.

Ref Cable GA 490 H (DTG 261630Z) ^{Aug} fr
CO 3500th PTW Reese AFB Tex :

4/Col. P. M. Chidress, AFOIN-1A, states he
was flying F-51 on VFR N of Lumbard, Tex at
2100 EST 24 Aug, 7000' alt, hdg NE. Did
not see obj referred to but F-51 exhaust
might account for observation reported.

Comment (DJF): Time of sighting not specified
in msg rec'd AFOIN-2AV or else read garbled
since msg states "sighted first obj for one
hour, 24 Aug 52". If this actually means
obs lasted one hour, F-51 ruled out. On
other hand, if it was supposed to be
time of sighting but was read garbled,
could be F-51. Suggest you request time
of sighting from originator of msg if
your copy reads as above.
