10. BRIEF SUMMARY OF SIGHTING A very lengthy report to the FBI, which outlines a number of theories concerning "flying saucers," makes only brief mention of a UFO sighting. A few days after reading books by so-called UFO experts Scully and Keyhow, source "saw a group of saucers" in the clear, blue sunlit sky (his quote). One half hour later states he observed two more, in more detail.		11. COMMENTS Only the date is firmly established. Files show no reports of any strange or unusual objects for that particular date or area. Source is obviously a strong believer in "saucers" which may have colored his very limited report. No report on file.
