10. BRIEF SUMMARY OF SIGHTING Very large ball of fire moving from S-N at about 60° elevation on straight level flight path. Object had a long tail 5 times the diameter of the main body and sparks were seen to be falling from the object.		11. COMMENTS <p style="text-align: center;">Probably a meteor.</p>

The following report of an UFO sighting was called in by Mr. [REDACTED]
the witness.

Location: Columbus, Ohio

Time: 2045 EST

Date: 24 Sep 1960

Description:

witness was looking west and saw a ball of fire moving from South ^{170° to 370°} A
to North at about 60 degrees elevation, on straight level flight path. The ball
of fire appeared to be very large and at an estimated altitude of 25 to 50 miles,
or less. The object had a long tail 5 times the diameter of the main body of the
object, and sparks was seen to be falling from the object. The object was in
view for 2 to 3 seconds.
