OCT 27 1966

Dear Mr. [REDACTED]

The information which you provided in your letter of August 1 is insufficient to substantiate a valid explanation for what you observed. Request you complete the attached FTD Form 164 to aid in evaluation and return to the Office of Information, Office Secretary of the Air Force, The Pentagon, Washington, D. C. 20330.

In reviewing your plan for "air boys" to guide airplanes to their landing, I feel that you should submit your plan to the National Academy of Sciences, National Research Council, Attn: Office of Information, 2101 Constitution Avenue, N. W., Washington, D. C. 20418. This office, on national level, has the responsibility for evaluating new theoretical proposals and inventions.

Thank you for your letter; I hope you will find the above information helpful.

Sincerely,

GEORGE P. FREEMAN, JR.
Lt Colonel, USAF
Chief, Civil Branch
Community Relations Division
Office of Information

Atch

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight—pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

WARM

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor
- d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

~~the object was as bright as the brightest stars~~

12. The edges of the object were:

(Circle One): a. Fuzzy or blurred

b. Like a bright star

- c. Sharply outlined
- d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- | | | | |
|---|-----|-------------------------------------|------------|
| a. Appear to stand still at any time? | Yes | <input checked="" type="radio"/> No | Don't know |
| b. Suddenly speed up and rush away at any time? | Yes | <input checked="" type="radio"/> No | Don't know |
| c. Break up into parts or explode? | Yes | <input checked="" type="radio"/> No | Don't know |
| d. Give off smoke? | Yes | <input checked="" type="radio"/> No | Don't know |
| e. Change brightness? | Yes | <input checked="" type="radio"/> No | Don't know |
| f. Change shape? | Yes | <input checked="" type="radio"/> No | Don't know |
| g. Flash or flicker? | Yes | <input checked="" type="radio"/> No | Don't know |
| h. Disappear and reappear? | Yes | <input checked="" type="radio"/> No | Don't know |

Official U.S. Air Force

14. Did the object disappear while you were watching it? If so, how?

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No Don't know. IF you answered YES, then tell what it moved behind:

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes No Don't know. IF you answered YES, then tell what in front of:

17. Tell in a few words the following things about the object:

a. Sound no sound
b. Color white

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

e UFO form continued

20. Do you think you can estimate the speed of the object?

(Circle One) Yes No

IF you answered YES, then what speed would you estimate? ~~110~~ ~~110~~ ~~110~~ 110

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes No

IF you answered YES, then how far away would you say it was? _____

22. Where were you located when you saw the object?

(Circle One):

- a. Inside a building
- b. In a car
- c. Outdoors
- d. In an airplane (type) _____
- e. At sea
- f. Other _____

23. Were you (Circle One)

- a. In the business section of a city?
- b. In the residential section of a city?
- c. In open countryside?
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- 2 a. North
- b. Northeast
- c. East
- d. Southeast
- 1 e. South
- f. Southwest
- 2 g. West
- 1 h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|-----|-------------------------------------|----------------|-----|-------------------------------------|
| a. Eyeglasses | Yes | <input checked="" type="radio"/> No | e. Binoculars | Yes | <input checked="" type="radio"/> No |
| b. Sun glasses | Yes | <input checked="" type="radio"/> No | f. Telescope | Yes | <input checked="" type="radio"/> No |
| c. Windshield | Yes | <input checked="" type="radio"/> No | g. Theodolite | Yes | <input checked="" type="radio"/> No |
| d. Window glass | Yes | <input checked="" type="radio"/> No | h. Other _____ | | |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

I saw the ufo two times
it looked like a star but
a little brighter

UFO form continued

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME [REDACTED] [REDACTED] [REDACTED]
Last Name First Name Middle Name

ADDRESS [REDACTED] ROCH 22 NY
Street City Zone State

TELEPHONE NUMBER [REDACTED] AGE 22 SEX M

Indicate any additional information about yourself, including any special experience, which might be pertinent.

*this is my ~~best~~ informations
I have seen UFOS ~~at~~ ~~the~~
about 3 to 4 times
and were informed by
of our state at the time*

33. When and to whom did you report that you had seen the object? *to someone*

Day Month Year

to someone

Official U.S. Air Force

Page 5

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass when you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

*the first time I saw it went to south
then I went to bed and about an hour
later I saw it again went to east*

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

*There were 2 objects
one was in the north and one was in the south
they were both moving towards the center*

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object? <u>NOT</u> <u>sure</u> <u>July</u> <u>1966</u> Day Month Year		2. Time of day: <u>9:00</u> Hours Minutes (Circle One): A.M. or <u>P.M.</u>	
3. Time Zone: (Circle One): a. <u>Eastern</u> b. Central c. Mountain d. Pacific e. Other _____ (Circle One): a. <u>Daylight Saving</u> b. Standard			
4. Where were you when you saw the object? <u>[REDACTED]</u> Nearest Postal Address City or Town State or County			
5. How long was object in sight? (Total Duration)		<u>10</u> Hours Minutes Seconds	
a. Certain b. <u>Fairly certain</u>		c. Not very sure d. Just a guess	
5.1 How was time in sight determined?		_____	
5.2 Was object in sight continuously?		Yes <input checked="" type="checkbox"/> No _____	
6. What was the condition of the sky? DAY NIGHT a. Bright a. <u>Bright</u> b. Cloudy b. Cloudy			
7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object? (Circle One): a. In front of you d. To your left b. In back of you e. Overhead c. To your right f. Don't remember

Official U.S. Air Force

Page 3

14. Did the object disappear while you were watching it? If so, how? We chased the object into Texas; we followed it by following farm roads; it would disappear and change sides of the highway many times

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No Don't know. IF you answered YES, then tell what

it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes No Don't know. IF you answered YES, then tell what

in front of: _____

17. Tell in a few words the following things about the object:

a. Sound no sound

b. Color we disagree on the color at first sighting; white and orange were the colors

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head? Too little surface area to speculate over; the object was judged against the railroad bridge that it was above.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

UFO form continued

20. Do you think you can estimate the speed of the object?

(Circle One) Yes No

IF you answered YES, then what speed would you estimate? over 100 m.p.h.

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes No

IF you answered YES, then how far away would you say it was? no more than a mile most of the time

22. Where were you located when you saw the object?

(Circle One):

- a. Inside a building
- b. In a car
- c. Outdoors
- d. In an airplane (type)
- e. At sea
- f. Other _____

23. Were you (Circle One)

- a. In the business section of a city? at first
- b. In the residential section of a city?
- c. In open countryside? during chase
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- a. North
- b. Northeast
- c. East
- d. Southeast
- e. South
- f. Southwest
- g. West
- h. Northwest

24.2 How fast were you moving? 90 miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

- a. Eyeglasses Yes No
- b. Sun glasses Yes No
- c. Windshield Yes No
- d. Window glass Yes No
- e. Binoculars Yes No
- f. Telescope Yes No
- g. Theodolite Yes No
- h. Other mostly through an open window and standing outside the car

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

Possibly an enlarged Christmas tree decoration such as a large bulb; a dull glow along the edges, but a sharp color over most of its surface area.

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight - pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor
- d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

12. The edges of the object were:

- (Circle One):
- a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

c. Other _____

13. Did the object:

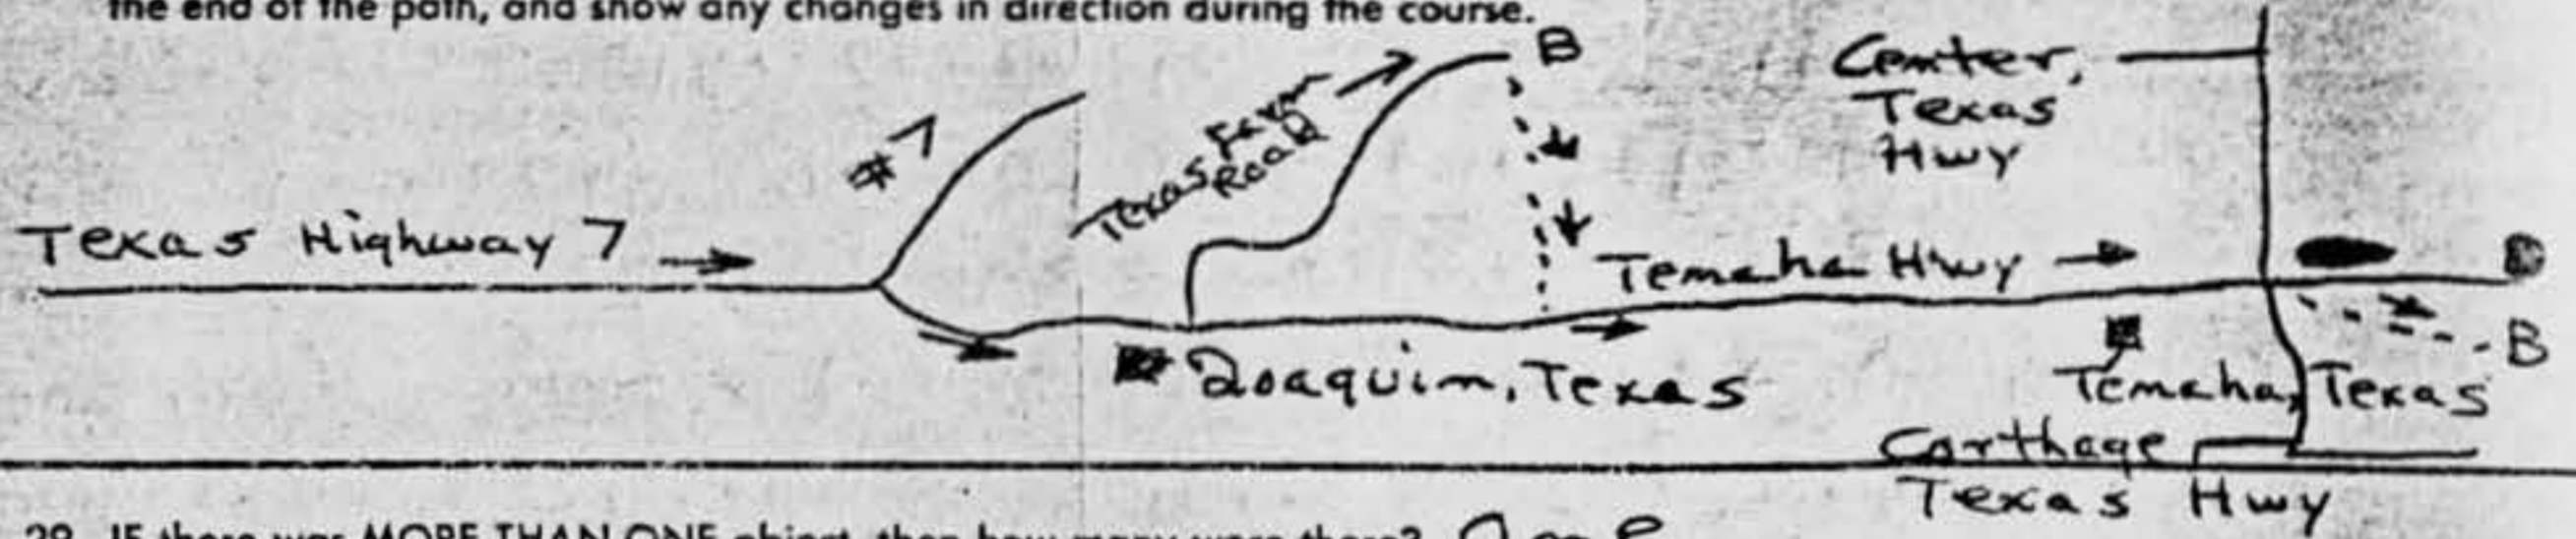

(Circle One for each question)

- | | | | |
|---|--------------------------------------|-------------------------------------|------------|
| a. Appear to stand still at any time? | <input checked="" type="radio"/> Yes | No | Don't know |
| b. Suddenly speed up and rush away at any time? | Yes | <input checked="" type="radio"/> No | Don't know |
| c. Break up into parts or explode? | Yes | <input checked="" type="radio"/> No | Don't know |
| d. Give off smoke? | Yes | <input checked="" type="radio"/> No | Don't know |
| e. Change brightness? | Yes | <input checked="" type="radio"/> No | Don't know |
| f. Change shape? | Yes | <input checked="" type="radio"/> No | Don't know |
| g. Flash or flicker? | <input checked="" type="radio"/> Yes | No | Don't know |
| h. Disappear and reappear? | Yes | <input checked="" type="radio"/> No | Don't know |

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw the object. Place a "B" on the compass when you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? One
 Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

UFO form continued

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

Similar objects are commonly watched by the residents at night. local residents have used two way radios and engineering techniques in an attempt to pinpoint the sightings.

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

my wife
[redacted]
Torrance, California

32. Please give the following information about yourself:

NAME [redacted] [redacted] [redacted]
Last Name First Name Middle Name
ADDRESS [redacted] Torrance California
Street City Zone State
TELEPHONE NUMBER [redacted] AGE 24 SEX Male

Indicate any additional information about yourself, including any special experience, which might be pertinent.

College graduate with a B.S. in Psychology;
Use no drugs and am not subject to hallucinations;
Very reputable person with no habit of
Creating an untrue account.

33. When and to whom did you report that you had seen the object?

Same night July 1966 Reported to my parents
and to local friends who were trying to pinpoint such
sightings. Names: John Perritt and Ben Franklin

Official U.S. Air Force U

34. Date you completed this questionnaire:

5 Feb. 1967
Day Month Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

My wife and I sighted this "bulb" above the rail-road bridge in my home town. We observed it at first, and then proceeded across the Sabine River bridge into Texas. It moved with tremendous speed until it reached Zoquin, Texas, and then we were able to keep in close range as we made our way down a farm and market road. We were what I consider extremely close as it would go out completely and reappear on the opposite side of the road. At times it would stop complete, and we assumed it was actually waiting for us to catch up. Finally it would approach us, especially once when we made a wrong turn, after a while, it cut directly across the farmland back to the Tenaha, Texas highway. We made our way back to this highway and got close to it again. I got out of the car at a point approximately half way between Zoquin and Tenaha, Texas, and foolish as it may seem, tried to contact the ship verbally. I would disappear and reappear just to my right, and then it was on its way toward Tenaha again. When we reached Tenaha, we could follow it no more because the ship followed a path

with no access road, so we went to my home,
told my parent, and then phoned our friends.

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object? July 4, 1966 <u>August 10, 1966</u> Day Month Year		2. Time of day: <u>11.30 P.M.</u> <u>12.25 P.M.</u> Hours Minutes (Circle One): A.M. or P.M.	
3. Time Zone: (Circle One): a. Eastern b. <u>Central</u> c. Mountain d. Pacific e. Other _____ (Circle One): a. Daylight Saving b. Standard			
4. Where were you when you saw the object? <u>July 4 on the beach</u> <u>Mayo, Maryland</u> <u>Anne Arundel</u> Nearest Postal Address City or Town State or County			
5. How long was object in sight? (Total Duration) _____ Hours Minutes Seconds <u>25</u> a. Certain b. <u>Fairly certain</u> c. Not very sure d. Just a guess 5.1 How was time in sight determined? <u>About 10 or more persons were with me</u> 5.2 Was object in sight continuously? Yes <u>*</u> No _____			
6. What was the condition of the sky? DAY NIGHT a. Bright a. Bright b. Cloudy b. <u>Cloudy</u>			
7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object? (Circle One): a. In front of you b. In back of you c. To your right d. To your left e. Overhead f. Don't remember

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight—pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor

- d. As a light At first as a star and closer a ball of fire
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

A Ball of white lite as big as a 26" beach ball

12. The edges of the object were:

- (Circle One):
- a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- | | | | |
|---|------------|-----------|------------|
| a. Appear to stand still at any time? | <u>Yes</u> | No | Don't know |
| b. Suddenly speed up and rush away at any time? | <u>Yes</u> | No | Don't know |
| c. Break up into parts or explode? | <u>Yes</u> | No | Don't know |
| d. Give off smoke? | Yes | <u>No</u> | Don't know |
| e. Change brightness? | Yes | <u>No</u> | Don't know |
| f. Change shape? | Yes | <u>No</u> | Don't know |
| g. Flash or flicker? | Yes | <u>No</u> | Don't know |
| h. Disappear and reappear? | Yes | <u>No</u> | Don't know |

Official U.S. Air Force

Page 3

14. Did the object disappear while you were watching it? If so, how?

IT WENT VERY HIGH UP IN THE SKY AND DIRECTLY UNDER ANOTHER BALL OF LITE AND BOTH WENT OUT OF SIGHT

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No Don't know. IF you answered YES, then tell what

it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes No Don't know. IF you answered YES, then tell what

in front of: _____

17. Tell in a few words the following things about the object:

a. Sound: No sound at all

b. Color: White ball of lite

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

UFO form continued

20. Do you think you can estimate the speed of the object?

(Circle One) Yes No

IF you answered YES, then what speed would you estimate? _____

No Beacuse the speed changed

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes No

IF you answered YES, then how far away would you say it was? _____

No its varied movements made it close and then move away

22. Where were you located when you saw the object?

(Circle One):

- a. Inside a building
- b. In a car
- c. Outdoors
- d. In an airplane (type)
- e. At sea
- f. Other On a Beach

23. Were you (Circle One)

- a. In the business section of a city?
- b. In the residential section of a city?
- c. In open countryside?
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other On the beach where
an 1/2 hr. before we had fireworks

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- a. North
- b. Northeast
- c. East
- d. Southeast
- e. South
- f. Southwest
- g. West
- h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|------------------------------|--|----------------|------------------------------|--|
| a. Eyeglasses | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> | e. Binoculars | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |
| b. Sun glasses | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> | f. Telescope | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |
| c. Windshield | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> | g. Theodolite | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |
| d. Window glass | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> | h. Other _____ | | |

all above no

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

All I could see was a ball of white lite, I was frightened as was everyone else and didn't even try to see more than the lite. If I knew what telescope or other instrument to get to see these objects better at nite I sure would love to know, where I could purchase them.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

UFO form continued

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

Yes, Aug. 10, 1966 Same area but in different part of sky and not as close.

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

(I am not sure if they wish me to put there names)

Mr. H [redacted], [redacted] Edgewater, Maryland

Miss [redacted] Edgewater, Md.

Mr. [redacted] Edgewater, Md.

Mr. [redacted] (A Special Officer From Dennis Dect. Agency)

About 10 to 15 Persons July 4

32. Please give the following information about yourself:

NAME [redacted] [redacted] [redacted]
Last Name First Name Middle Name

ADDRESS [redacted] Edgewater Maryland
Street City Zone State

TELEPHONE NUMBER [redacted] AGE 39 SEX female

Indicate any additional information about yourself, including any special experience, which might be pertinent.

Have seen more objects that at first I thought were stars but weren't, I have never seen one during the day.

33. When and to whom did you report that you had seen the object?

Day Month Year

No One But other observers said I should Make them know

14. Did the object disappear while you were watching it? If so, how?

No.

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No Don't Know. IF you answered YES, then tell what it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes No Don't Know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

- a. Sound *I never heard any sound only of cars & trucks on the super hwy.*
 b. Color *Sort of grey with red green & blue lights shining bright & Dim*

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

These two objects were cone shaped and were approximately 24" high x 18" wide, and were 1 mile away 3000 ft high and about 1 mile apart.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

The holes represent lights and the objects weren't moving at all

Month

Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

We own a beach resort and after closing July 4, 1966, we took our employees down to the beach and had a fireworks display. I wasn't there during the display but after it about 1/2 hour we all were going to take a swim, (The Special Officer I mentioned on other page stood on a Jetty that's a wooden plank protruding into the bay to hold the sand on the beach).

Mr. [REDACTED] and I went to the beach to wade into the water when I saw this object which I thought to be a falling star and I said "don't look its a falling star, (which to my family means there will be a death in the family) We turned and when we looked again it hadn't fallen but was coming toward us and much lower, it got brighter and moved in a sigsag motion, we called to the officer on the jetty and ask him to see if he could tell us what it was, at first he said it was a Jet. then he said, "No I've never seen anything like it" He called to the others in the water and they were so frightened by it they got out of the water and we all stood on the beach and watched it. At this point it had come very close to us and then went to the right and very high under another ball of lite ### and they both went higher until we couldn't see them.

Officer [REDACTED], Dennis Dectective Agency,
Serverna Park, Maryland

UFO form continued

Page 8

August 10, 1966

There were just two of us as we watch the place at nite. I was waiting for my daughter to come home from a date and out on a picnic table we were having a coke, about 12.25 and I looked up and saw this thing I thought was a star at first move and sigsag accross the sky I showed the person I was with and watched it, (my daughter had come home in the mean time and gone inside) We called her out to see it and she at first thought it was a plane but after watching it said it couldn't be. (She flies a plane and works at Lee's Airport) Edgewater, Maryland.

I have seen more but no one would even know they are not stars if they haven't had the sightings I have had.

~~██████████~~
Detroit, Michigan 48234

March 29, 1967

Gentlemen:

My name is ~~██████████~~ and I would like to submit the following UFO report:

On July 6, 1966, at approximately 6:30 P.M., I happened to glance toward the western sky. As I looked, I noticed a silver metallic cigar-shaped object travelling slowly across the sky. The object had a light on the bottom and had a wobbling motion. After three seconds, the object disappeared behind a cloud, hidden from my view.

Recently, I submitted this report to the National Investigations Committee on Aerial Phenomena and this committee was very interested in my report.

So that a picture of the object might become clear in your mind, I have

drawn a sketch of the object. I
assure you this sighting is no
hoax.

Yours truly,
~~XXXXXXXXXXXX~~

The wavy lines represent the
severe oscillating motions.

Case To old to investigate

Proposed reply to letter from ██████████, 29 March 1967

Dear Mr. ██████████

Reference your recent letter concerning your observation of an unidentified flying object on 6 July 1966. Since you have just reported the incident to the Air Force, a detailed scientific investigation is not possible. If you had reported your observation to the Air Force shortly after 6 July, a meaningful scientific investigation would have been possible. The report will be filed for information purposes only.

Thank you for reporting your observation to the Air Force.

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight—pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor
- d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

Large stage bulb

12. The edges of the object were:

- (Circle One):
- a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- | | | | |
|---|--------------------------------------|-------------------------------------|------------|
| a. Appear to stand still at any time? | Yes | <input checked="" type="radio"/> No | Don't know |
| b. Suddenly speed up and rush away at any time? | Yes | <input checked="" type="radio"/> No | Don't know |
| c. Break up into parts or explode? | Yes | <input checked="" type="radio"/> No | Don't know |
| d. Give off smoke? | Yes | <input checked="" type="radio"/> No | Don't know |
| e. Change brightness? | Yes | <input checked="" type="radio"/> No | Don't know |
| f. Change shape? | Yes | <input checked="" type="radio"/> No | Don't know |
| g. Flash or flicker? | Yes | <input checked="" type="radio"/> No | Don't know |
| h. Disappear and reappear? | <input checked="" type="radio"/> Yes | No | Don't know |

20. Do you think you can estimate the speed of the object?

(Circle One) Yes No

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes No

IF you answered YES, then how far away would you say it was? Exactly 1 mile

22. Where were you located when you saw the object?

(Circle One):

- a. Inside a building
 b. In a car
 c. Outdoors
 d. In an airplane (type) _____
 e. At sea
 f. Other _____

23. Were you (Circle One)

- a. In the business section of a city?
 b. In the residential section of a city?
 c. In open countryside?
 d. Near an airfield?
 e. Flying over a city?
 f. Flying over open country?
 g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- a. North c. East e. South g. West
 b. Northeast d. Southeast f. Southwest h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|-----|----------------------------------|---------------|-------------------|----------------------------------|
| a. Eyeglasses | Yes | <input checked="" type="radio"/> | e. Binoculars | Yes | <input checked="" type="radio"/> |
| b. Sun glasses | Yes | <input checked="" type="radio"/> | f. Telescope | Yes | <input checked="" type="radio"/> |
| c. Windshield | Yes | <input checked="" type="radio"/> | g. Theodolite | Yes | <input checked="" type="radio"/> |
| d. Window glass | Yes | <input checked="" type="radio"/> | h. Other | <u>Naked Eyes</u> | |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

Two coneshaped balloons about 24" x 18" with red blue & green lights going brite & Dim on a clear moonlite nite.

Official U.S. Air Force

Page 3

14. Did the object disappear while you were watching it? If so, how?

*It flew overhead and went out of sight,
then returned overhead again, and then left.*

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

Yes

 No

Don't know.

IF you answered YES, then tell what

it moved behind:

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

Yes

 No

Don't know.

IF you answered YES, then tell what

in front of:

17. Tell in a few words the following things about the object:

a. Sound

No sound

b. Color

White

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

$$\frac{1}{2}$$

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

UFO form continued

20. Do you think you can estimate the speed of the object?
 (Circle One) Yes No
 IF you answered YES, then what speed would you estimate? 2 thousand m.p.h.

21. Do you think you can estimate how far away from you the object was?
 (Circle One) Yes No
 IF you answered YES, then how far away would you say it was? 5,000'

<p>22. Where were you located when you saw the object? (Circle One)</p> <p>a. Inside a building b. In a car <input checked="" type="radio"/> c. Outdoors d. In an airplane (type) _____ e. At sea f. Other _____</p>	<p>23. Were you (Circle One)</p> <p>a. In the business section of a city? <input checked="" type="radio"/> b. In the residential section of a city? c. In open countryside? d. Near an airfield? e. Flying over a city? f. Flying over open country? g. Other _____</p>
--	---

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions.

24.1 What direction were you moving? (Circle One)

a. North	c. East	e. South	g. West
b. Northeast	d. Southeast	f. Southwest	h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?
 (Circle One) Yes No

25. Did you observe the object through any of the following?

a. Eyeglasses	Yes	<input checked="" type="radio"/> No	e. Binoculars	Yes	<input checked="" type="radio"/> No
b. Sun glasses	Yes	<input checked="" type="radio"/> No	f. Telescope	Yes	<input checked="" type="radio"/> No
c. Windshield	Yes	<input checked="" type="radio"/> No	g. Theodolite	Yes	<input checked="" type="radio"/> No
d. Window glass	Yes	<input checked="" type="radio"/> No	h. Other _____		

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

Six very bright eggs

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass when you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? 6
 Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

UFO form continued

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

NO

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

Does not want her name publicized.

32. Please give the following information about yourself:

NAME

Last Name

First Name

Middle Name

ADDRESS

Street

City

Zone

State

TELEPHONE NUMBER

AGE

SEX

Indicate any additional information about yourself, including any special experience, which might be pertinent:

33. When and to whom did you report that you had seen the object?

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass where you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? 2 & an airplane
 Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

they weren't traveling in any direction at the time we were watching them.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

I have seen a fiery cigar shaped object loom upwards thru the clouds toward Scott Airforce base but this thing didn't have any wings that I could see this was 5:50 AM, Aug 24, 1966

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

[Redacted names and addresses]

Belleville, Ill.

32. Please give the following information about yourself:

NAME [Redacted] Last Name [Redacted] First Name [Redacted] Middle Name [Redacted]
ADDRESS [Redacted] Street Belleville City Zone State Illinois
TELEPHONE NUMBER _____ AGE 43 SEX Male

Indicate any additional information about yourself, including any special experience, which might be pertinent.

I am always on the lookout for clues of this sort as I know there have been strange objects for quite sometime I am really trying to figure out how they are powered I think it is strictly by electricity such as that of lightning. The only thing is to harness such power for useful purposes.

33. When and to whom did you report that you had seen the object?

Day _____ Month _____ Year _____

I didn't tell anyone because I thought they were air boys used for guiding planes in at night since they didn't move while we were watching.

34. Date you completed this questionnaire:

Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

As I said before these objects whatever they are must be powered by a sort of electricity taken from the atmosphere. Most people think they are probably driven by some sort of fuel but that's impossible since there wouldn't be no storage space for such extras. Now atomic energy in some advanced form could provide just that type of power without having to have too much of a payload, since these objects that are usually seen changing directions at 90° and dart off at enormous speeds you know there isn't a weight factor at all. Now ask yourself how can these objects stay airborne without wings well they probably create a heavy atmosphere around themselves much like the earth as a whole has around it. And then too these objects could have forced helium type gas inflated chambers to keep them afloat this would eliminate a few pounds of fat as flight is concerned. They ~~do~~ say a fish in a tub of water won't weigh a thing unless he touches the bottom or lays on the bottom of the tub could this sort of thing be true with flying objects in space. I sure hope this information is helpful because if these objects are foreign someone probably has the jump on us and that's not so good.
