I HAD JUST LEFT MY GRANDPARENTS' HOUSE WITH MY FATHER AND HE AND I JUST LOOKED UP ATTHE STARS FOR A FEW MOMENTS, AND I NOTICED THAT SEVERAL STARS SEEMED TO HAVE YELLOWISH OR REDDISH COLORS, AND WE NOTICED WHAT WE THOUGHT TO BE A PLANET IN THE WESTERN SKY NEAR THE HORIZON, BUT AS I WRITE THIS, PROBABLY 15 MIN ~ ½ HR. LATER, I CAN'T SEE THE PLANET WE ~~HAD~~ HAD JUST BEEN WATCHING TELEVISION FOR ABOUT 2 HOURS. SUDDENLY ~~I LOOKED~~ ~~I~~ AS I WAS LOOKING HIGH IN THE SKY (NOT QUITE VERTICAL) I SAW SOMETHING MOVING THROUGH THE SKY AND I STILL REMEMBER THAT I GOT THE ILLUSION IT WAS SPINNING, ALTHO THIS MAY BE AN ILLUSION, SOMETHING ABOUT THE OBJECT I JUST CONJURED UP. HOWEVER THAT MAY BE, IT WAS WHITE, AS NEAR AS I REMEMBER AND LOOKED APPROXIMATELY LIKE AN AVERAGE STAR, THAT IS TO SAY, IF IT HAD NOT BEEN MOVING, I WOULD NOT HAVE NOTICED IT. BUT IT WAS DEFINITELY MOVING AND IT WAS GOING MUCH FASTER THAN AIRPLANES SEEM TO GO WHEN THEY ARE AS HIGH AS THIS SEEMED TO BE. SO, IT WAS EITHER

P.S. I TRIED TO RECREATE THE ANGLE IN THE SKY BY LOOKING UP, AND WAGGING MY HEAD SLOWLY TO CATCH THE POSSIBILITY OF A FLASH REFLECTION IN MY GLASSES AS SUGGESTED BY MY FATHER IN THE SAME PLACE ABOUT ½ MIN LATER) BUT N.D. APPEARED, I CONCLUDED IT WAS NOT A REFLECTION IN MY G

MUCH LOWER IN ALTITUDE THAN IT SEEMED
OR A VERY FAST OBJECT, I DON'T LIKE
TO GIVE SPEED ESTIMATES BECAUSE I HAVE
NO WAY OF KNOWING HOW BIG IT ACTUALLY
WAS OR HOW FAR AWAY IT ACTUALLY WAS.
IT MIGHT HAVE BEEN AN AIRPLANE. BUT
USUALLY THEY HAVE NAVIGATION LIGHTS
(RED + GREEN) AT LEAST CIVILIAN PLANES,
COME TO THINK OF IT, I DON'T RECALL THE
LIGHTING ON MILITARY PLANES BUT I'D
IMAGINE, EXCEPT IN WARTIME PERHAPS
THEY'D BE THE SAME. WHEN I FIRST
SAW IT, I WAS ALMOST WILLING TO WRITE
IT OFF AS AN AIRPLANE OR A PIECE OF SPACE
JUNK, (INTERMEDIATE ROCKET STAGE IN ORBIT)
BUT WHAT IT DID BEFORE IT DISAPPEARED
MADE ME WRITE THIS TO YOU. IT DISAPPEARED,
I.E. I COULDN'T SEE IT THEN IT REAPPEARED
GOING MUCH FASTER (SPEED COMPARABLE TO A METEOR)
TO THE NORTH AND, IT SEEMED, IN A SLIGHTLY DOWNWARD
DIRECTION. IT WAS AN ABRUPT CHANGE OF COURSE
ON THE PART OF THE OBJECT AND THAT IS WHAT
MADE ME WRITE THIS. I HAVE NEVER SEEN AN
AIRPLANE, PROP. OR JET, MAKE SUCH A SUDDEN
CHANGE OF DIRECTION OR SUCH ACCELERATION
I BELIEVE IT TO BE THE SAME OBJECT,
YES HOWEVER, I MUST QUALIFY THIS BY SAYING
THAT BY THE ODDEST CIRCUMSTANCES IT MIGHT
NOT HAVE BEEN THE SAME OBJECT WHICH I SAW
GO ONE WAY AND THEN SUDDENLY THE OTHER.
I RETAIN A MEMORY OF THE FLASHY, QUICK MOVEMENT
AT THE END AND IT STILL ONLY APPEARS AS A BLUR
BUT I DEFINITELY SAW IT

About 9.15 P.M. the Monday night of July 16, 1947, I
left the A.A.F. dock located on Grand Bahama Island
at Hold Rock Creek. I was going back toward the
A.A.F. Base. As I drove along about ¼ mile from same
dock, I came near the C.D. site, as I approached
I saw an object about 30 feet in diameter about
ten feet behind the C.D. site. It appeared to be
about 5 feet above the ground and standing
still. This object had a yellow, greenish halo type
glow. So I turned into the site area to investigate
but when I got within around 100 feet of object
it went straight up for about 40 or 50 feet
and then headed straight down the sand strip
road, which is an access road for a few
people living in trailers on the beach. I
followed the object in my car for a distance
of about one mile at a speed of about 50 miles
per hour, run into deep sand so stopped and got
out of my car and watched this object as it out of
sight following along the coast line - at no time did
I hear any noise or smell any fumes.

MEMO FOR RECORD

TDACS

On 13 July the Detroit News carried an article on an object which fell from the sky. The dimensions are as follows: 2' wide x 1 1/2' high x 2" thick, coloration white, red & black trim. One half of the item was window made of plexiglass surrounded by aluminum.

I called Selfridge AFB, Mt. Clemmens, Michigan, and spoke to Major Ward, who is the OIC relative to UFO's. (88-55-11570-3115) I relayed to him our interest in the object, and requested that he contact Mr. Ralph Riley (313-222-2162) of the Detroit News, who now has physical possession of the item, and do the following:

a. Secure or take photos of the item for shipment to us.

b. Ascertain the nature of the item.

c. Secure the item if it appeared to be foreign in nature.

On 24 July, I called Major Ward, and he said that an investigation was made on our behalf, and that the object was an escape hatch from a private airplane, probably of North American manufacture. Major Ward is sending us a copy of the photographs as info, and will contact the FAA in that area to lend his assistance in the case. These photos will be examined upon arrival and then sent to TDET/UF for their information.

Dear Sirs:

On July 10, 1967 my cousin and I saw a U.F.O. It was 10:40 p.m., I was looking out the window when I saw it. I told my cousin to look out the window while I got my glasses. When I looked out the window it was disappearing over the roof. Later in the week I asked one of my friends if he saw it and it exploded.

Proposed reply to letter from Barbara Csada, July 29, 1967 (Sighting Jul 1967)

Dear Mrs [redacted]

Reference your recent letter in which you reported your unidentified observations.

It would be extremely difficult to perform a comprehensive investigation based on your observation; you neglected to mention the time, date and location of your sighting. If you had reported your sighting to your nearest military installation (if your sighting occurred in the United States) at the time, our analysts and evaluators would have attempted to determine what you had observed. If we had been unable to find a logical answer, then your case would have been categorized as UNIDENTIFIED.

You did not mention whether your observation occurred in the United States or Canada. The United States Air Force lacks jurisdiction to investigate those sightings outside its continental limits. In the future, if you should observe another UFO, please contact your nearest military installation, for the local investigator is in a far better position to conduct an on-the-spot investigation.

The inclosed information on Project Blue Book may be of interest to you and your husband. Thank you for reporting your observation to the Air Force.

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

Mr. [redacted] and Mr. Hannusch decided it probably was a manmade satellite. It very definitely was not a star; nor a falling star. It seemed almost as far away as a star. It was a very white glowing object that moved swiftly and steadily across the heavens and was soon lost to sight because of the high trees that surrounded our small camp site. It was not an airplane. Mrs. Hannusch (35 yrs) and son Allan (13 yrs) ~~I~~ said they saw a flare of light that left the white glowing object. I did not notice this but always the white light flared out around it, steadily.

WHEN WE DECIDED THAT WE COULDN'T CATCH UP WITH IT, WE STOPPED AND WATCHED IT, AND ALL OF A SUDDEN, THE BRIGHT WHITE LIGHT TURNED TO A BRIGHT RED LIGHT. WE THEN WATCHED IT UNTIL WE COULD NO LONGER SEE IT, AND THEN this TIME WAS -- 11:35 P.M.

WHEN WE FIRST SAW THIS OBJECT, THE WHITE LIGHT WAS REAL BRIGHT. THEN ALL OF A SUDDEN, IT TURNED VERY DIM APPROX. FOR 1½ MINUTES. THEN IT'S BRIGHT WHITE LIGHT CAME ON AGAIN. WE THEN REALIZED THAT THIS OBJECT WAS GOING AWAY FROM US.

ALSO, THIS OBJECT WHEN WE SAW IT, STOOD STILL FOR ABOUT 4 MINUTES

Dear Mr. [redacted]

Reference your letter of July 11 in which you described the various unidentified flying objects (UFOs) which you have been observing since December, 1966.

At this late date, we would be unable to undertake a meaningful scientific investigation into your earlier observations.

If you would like us to investigate your letter sightings of July 4 and 7, 1967, we will need additional information. Upon completion of the inclosed FTD Form 164, our analysts will undertake a detailed investigation into your observations.

In the future, if you should observe another unidentified flying object, please contact the nearest military installation at the time of your observation. The UFO investigator at your nearest military installation is in a far better position to conduct an on-the-spot investigation.

Dear Sirs,

Since December, 1966, I have witnessed four objects which I feel warrant attention as possible U. F. O.'s.

My first sighting ocurred on Friday, December 2, 1966. Around 11:00 P. M. I glanced out the kitchen window and noticed a bright red and blinking light curving slowly from west to northwest. It was at a fairly low altitude. I don't feel qualified to estimate its size, but it was similiar in appearance and slightly larger than the red light of a water tower about 1 to 2 miles from our house. However, the tower light is not visible frolt our patio where I was watching.

I observed the thing for about five minutes. It moved erratically. After turning from west to northwest it climbed and then it disappeared behind the houses behind our's. It apparently landed in a field between our house and the water tower. I

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

Jet but there was no smoke trail

waited another five minutes but it did not reappear.

It was silent and did not resemble any conventional aircraft that I have ever seen. (Much aircraft passes over our house.) It was an overcast night and no stars were visible. The object appeared intelligently controlled.

No one was home but myself at the time and when I told my mother she only laughed. A rash of U. F. O. sightings ocurred in our area shortly afterward.

Sometime last spring and again on July 4, 1967 at around 10:30 P. M. I witnessed a similiar or the same object~~appear~~ apparently landing in the same area as that of my first sighting.

My last sighting ocurred last Friday, July 7, 1967 at around 10:30 P. M.. It was exactly like the others except that it was either smaller or farther away. It was following the opposite course of my first sighting.

My mother saw it also and we watched it for about five minutes. It was moving east. We both noted that it moved erratically. At first it moved at a moderate speed but

then sped up suddenly and disappeared in the distance. It was a clear night and stars were visible. This was not a star, meteorite, etc..

All these sightings have much in common:

All four were similiar or the same object.

All four were silent and did not resemble conventional aircraft or heavenly bodies, but did seem to be intelligently controlled.

With the exception of thet last sighting, all followed approximately the same course at approximately the same speed and all landed in approximately the same spot.

The last sighting was following the opposite course of the others (east veering northeast) and appeared to be either smaller or farther away.

All were sighted between 10:15 P. M. and 11:15 P. M..

I am fairly certain of my sanity (please don't judge by my typing ability) and I wish you would investigate these strange occurrences.

Sincerely,

[redacted]

Dear [redacted]

This is in reply to your correspondence on an unidentified flying object (UFO) sighting of July 7, 1967.

With the information submitted, it would be extremely difficult to offer much of an explanation. Essential data, such as flight characteristics, maneuvers, and duration of sighting are quire important in a comprehensive evaluation. If you had reported your observation to the nearest military installation at the time, an evaluation would have been possible. The UFO investigator at your nearest military installation is in a far better position to conduct an on-the-spot investigation. Your information will be added to our present data base.

Your interest in our program is appreciated.
