Colonel James C. Manatt  
Wright-Patterson Air Force Base  
Ohio 45433

Dear Colonel Manatt:

Since the Air Force believes that they have no material evidence of manned space craft of unknown origin, I am returning to you the questionnaire sent me in reference to a report made by me to Chanute Air Force Base.

As far as I'm concerned, the whole incident is a closed subject. I don't care for any further telephone conversations with the Air Force. The closest I've been to an airman was the one who snagged a couple of pictures while I was on a coffee break.

You probably have rules and regulations to go by, but I must say you certainly conduct an investigation in a blasé manner.

Sincerely,

A large, thick black redaction mark covers the signature and any handwritten notes that might have been present.
