REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	27 December 2008 Time not given
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	Two orbs, that were quite big.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Outside, but didn't say where.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The objects were moving across the sky over Kensington in London.
6.	Approximate distance.	Not given.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	They dropped through the sky and disappeared behind some trees.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	DAS answerphone.
10.	Name, address and telephone no of informant.	Section 40 Kensington London Section 40
11.	Other witnesses.	Her Sister witnessed the orbs too.
12.	Remarks.	Section 40 said she was quite frightened once she saw the objects start dropping to the ground and rushed back indoors!!
13.	Date and time of receipt.	14 January 2009 11.05L

Dear **Section 40**

I am writing with reference to your report of an 'unidentified flying object', seen on 25 December 2008, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFO's.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 25 December 2008 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

Dear **Section 40**

I am writing with reference to your report of an ‘unidentified flying object’, seen on 24 December 2008, the details of which you passed to us by letter. This office is the focal point within the Ministry of Defence for correspondence relating to ‘UFO’s.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of ‘unidentified flying objects’ it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom’s airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no ‘UFO’ report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of ‘UFO/flying saucer’ matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received two other reports of ‘UFO’ sightings for 24 December 2008, and they were from Rottingdean in East Sussex and High Wycombe in Buckinghamshire. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom’s airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

Section 40

24:12:08

Dear M.O.D.

(UFO DEPT)

Please do not disregard this as rubbish.

At 8pm on 24:12:08

I saw (I have a very good witness who is a
sceptic) an orange/red ball shoot in to the
sky from a N/E direction ? 1000ft can't be sure.
It travelled over head at a terrific speed climbing
all the time towards the S/W then faded &
disappeared. We were outside there was
no noise of any sort (engine, hot air, firework etc)
The light was steady - there was very little wind
although it was N/E. No fog - no clouds.

There has to be a logical
explanation for this —

- ① ? Para chute that caught in jet stream
- ② Firework of some new kind
- ③ Someone "Having a Laugh"

Also we live near Rendlesham

USAF Base + helicopters etc but as I
say there was no noise?

Have you any ideas

Many thanks

Dear **Section 40**

I am writing with reference to your report of an ‘unidentified flying object’, seen on 29 December 2008, the details of which you passed to ATC Manchester. This office is the focal point within the Ministry of Defence for correspondence relating to ‘UFO’s.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of ‘unidentified flying objects’ it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom’s airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no ‘UFO’ report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of ‘UFO/flying saucer’ matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received one other report of a ‘UFO’ sighting for 29 December 2008, and that was from Kettering in Northamptonshire. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom’s airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

REPORT OF AN UNIDENTIFIED FLYING OBJECT

a. **Date/Time And Duration Of Sighting** (Local times to be quoted)
29th December - 1955¹ - Duration 30 seconds

b. **Description Of Object** (Number of objects, size, shape, colours, brightness, sound, smell etc).

Large bright Orange light (like street light in the sky), no sound, unlike an aircraft, described as large size

c. **Exact Position Observed** (Geographical location, indoors or outdoors, stationary or moving).

Farnworth, Nr Bolton - Estimated as being NW of this position, observed outdoors and moving and disappeared

d. **How Observed** (Naked eye, binoculars, other optical device, still or movie camera).

Naked eye

e. **Direction In Which Object Was First Seen** (A landmark may be more useful than a badly estimated bearing).

NNW of Farnworth - 300 degrees to 285 degrees from position

f. **Angle Of Sight** (Estimated heights are unreliable).

10/15,000ft - virtually above witness - 30/35 degrees -

g. **Distance** (By reference to a known landmark wherever possible).

Possibly overhead Belmont - 6/7 miles - difficult to determine. Over open land

h. **Movements** (Changes in E, F, G may be of more use than estimates of course and speed).

Slow moving initially and then rapid movement (unlike any previous observed aircraft - witness was ex.RAF) west until it disappeared out of sight.

i. **Meteorological Conditions During Observations** (Moving clouds, haze, mist etc.)

Clear sky

j. **Nearby Objects** (Telephone lines, Spires Etc.)
None

k. **To Whom Reported** (Police, military organisations, the press etc).

Reported to ATC, Manchester.

Dear **Section 40**

I am writing with reference to your report of an 'unidentified flying object', seen on 24 December 2008, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFO's.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received one other report of a 'UFO' sighting for 24 December 2008, and that was from Rottingdean in East Sussex. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	24 December 2008 21.40L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	There were fifteen lights moving across the sky, about half a mile away. They were red and flickering. Then three lights formed a triangle shape. 
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Out in the back garden.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The objects were seen flying over High Wycombe in Buckinghamshire.
6.	Approximate distance.	The objects were about half a mile away.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	They were moving horizontally from left to right.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	DAS answerphone.
10.	Name, address and telephone no of informant.	Section 40 High Wycombe Buckinghamshire Section 40
11.	Other witnesses.	Section 40 husband and son.
12.	Remarks.	Section 40 would like us to explain to her what it was that she saw. Section 40 was telling us about the sighting on DAS answerphone as the sighting was happening!!
13.	Date and time of receipt.	5 January 2009 10.55L

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	26 December 2008 18.30L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	There was a whole procession of lights in the sky. Big eight orange balls with a red, flaming triangle in the centre of all of them. There was no noise. 
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	The family were out in the back garden.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye. A video was also taken, but it didn't come out very well.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The objects were seen moving over Southgate in London.
6.	Approximate distance.	Not given.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Not given.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	DAS answerphone.
10.	Name, address and telephone no of informant.	Section 40 Southgate London Section 40
11.	Other witnesses.	Section 40 children and wife witnessed the objects too.
12.	Remarks.	Section 40 would like to know if anybody else has reported what they all saw.
13.	Date and time of receipt.	5 January 2009 10.40L

Section 40

From: Section 40
Sent: 10 December 2008 22:48
To: DAS-UFO-Office
Subject: sighting

On December 1st at between 21: 30hrs and 21: 45 hrs I experienced an unexplained happening. Whilst walking my dog across the local sports field in the village of Llangwm in Pembrokeshire, I spotted in the North West a very bright light, which I thought to be a very bright star. It did seem a little too large and bright however but after looking at it for about 10m seconds I turned to head back home. I now had my back to the star and was walking in a southerly direction.

Suddenly something shot across the sky and the whole field was lit up.

I looked up to see no object, only a long white trail. This lasted a few minutes until it began to break up. The sky that night was really clear and the moon was not visible at this time. I have never seen anything like this before. I can not say I saw any craft but it was a very real and disturbing event. It could have been a meteorite; I don't know. I contacted the coastguard who had not had any reports and I also asked a friend in the police to check also.

If anyone else saw this I would like to hear. I feel uneasy about telling people in case they think I'm loopy but I know what I saw.

Yours Section 40

SECTION 5: PARTICULARS OF COMPLAINT (Continue on a separate sheet if necessary).

Out in his garden, saw a commercial jet fly over at high level. He saw a small, bright golden coloured orb which flew around and above the a/c's contrail approx 400-500 ft behind the a/c. It then went south of the a/c before flying past it at a very rapid speed and disappeared!

SECTION 6: CLAIMS (DO NOT PROMPT)

Has the incident given rise to any injury to persons and/or livestock or damage to property which will result in a claim for compensation being submitted to the Ministry of Defence?

Yes No

If Yes, give details and copy form to D/C+L (F+S) Claims 3.

SECTION 7: UNITS RESPONSE

Dear Section 40

I am writing with reference to your report of an 'unidentified flying object', seen on 25 November 2008, the details of which you passed to this Department by e.mail. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFO's.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 25 November 2008 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

Dear Section 40

Thank you for your email providing details of how to report a UFO sighting. Please find below my account of what I saw on 25 November 2008. I know it is not much but you never know!

On Tuesday 25 November 2008 I witnessed a strange light in the sky, it was at about a 45 degree angle. I was travelling in the car on the M54

from Shrewsbury to Cannock, and I witnessed a strange triangular shape in the sky (it was on my right side). I saw the object from just past junction 6 (M54) to Junction 2 (M54) when I couldn't see that part of the sky anymore. I came level with the object at around junction 4 (M54), it seemed to have stopped in the middle of the sky and wasn't moving. The time I saw the object was approximately 17:10 - 17:30. The object was triangular in shape, with the apex to the right (when I drew level with it at Junction 4). It was a metallic grey in colour, but the flat base end seemed to glow orange. I have attached a (badly simple) drawing of the object, it really was the most odd thing I have seen. It must have been a couple of miles from the M54, but it was quite large in shape, couldn't really give an exact size but it must have been at least 15 feet long and 10 feet wide.

If you would like further information, please do not hesitate to contact me.

Kind regards,

Section 40

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	Date not given. 23.20L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	An object was travelling through the sky, inside the atmosphere.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Not given.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The object was seen flying over Middlewich in Cheshire.
6.	Approximate distance.	Not given.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Not given.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	DAS answerphone.
10.	Name, address and telephone no of informant.	The witness did not give his name or full address. Middlewich Cheshire
11.	Other witnesses.	Not given.
12.	Remarks.	The witness said he didn't want us to think he was mad, but thought that he had better report what he had seen.
13.	Date and time of receipt.	8 December 2008 11.50L

No reply as
address not
given.

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	(Date and time not given).
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	Ten unidentified flying objects were seen in the sky.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Not given.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The objects were seen moving over Buckinghamshire.
6.	Approximate distance.	Quite far in the distance.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Not given.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	The sighting was reported to Thames Valley Police, who then in turn left a message on DAS answerphone.
10.	Name, address and telephone no of informant.	Section 40 He did not give his address.
11.	Other witnesses.	Not given.
12.	Remarks.	Not given.
13.	Date and time of receipt.	8 December 2008 11.30L

txtinforequest: Sitting in the lounge at approximately 21.20 i noticed 2 very bright orange lights travelling west to east over east grinstead heading towards Tunbridge Wells, the lights where almost vertically spaced. Myself and my partner and 2 children went out side to watch, they were not aircraft as these were flying in the opposite direction with the normal flashing lights. We watched until they disappeared then about a second later another one came over, still bright orange, no noise and no flashing/flickering. We are still unsure as to what we had seen.

Section 40

Hello,

In August of 2003 my 2 brothers, Section 40 older brother and Section 40 younger brother, and me had to look after my Uncles house while they were away on holiday for a week. They live in a small village called Culverthorpe a few miles outside of Sleaford. After a few days of looking after the house, one evening we were outside and the sky was perfectly clear and the sun had just gone down when we noticed 2 white objects over the fields coming towards us. One object was big and round while the other was smaller and almost completely round but seemed to have a sharp edge to it and this object was moving faster than the bigger one but they both were moving in the same direction over the fields in front of us. The objects didn't make any sound and moved too fast to be balloons and they basically moved across the sky until we couldn't see them anymore. We were really excited from seeing these objects, and because we still had a day left looking after my Uncles house we decided to borrow my Dads Digital Camera just in case we saw anything else. On the last night we were outside in the garden, the stars were out and it was nice and clear. My brothers were taking pictures with the camera and getting Orbs which just seemed to turn up in the pictures, we couldn't see them and my view about these Orbs is that most of them are just dust/moisture. When my brothers were taking pictures they were using the Flash on the camera. After a while of being outside we noticed something flashing, coming towards us, moving parallel/horizontal to the ground, over the trees at the bottom of my Uncles paddock which is at the bottom of his garden. As the object came closer we could see that it would flash a white light which covered the entire object, then the light on it would decrease until it would go out, then it would increase in brightness and then flash and continue increasing, flashing, decreasing in brightness and the light going out. This object wasn't making any sound and my brother Section 40 had the camera took a picture of it. About the same time he took the picture we noticed another identical object coming from the same direction. As this second object was nearly above us we could see there was a smaller object, not perfectly round, which was travelling along with it. This smaller object wasn't flashing, it remained at the same brightness. Section 40 took more pictures of these 2 objects together but because the objects were moving so slowly Section 40 was actually taking pictures and checking how the pictures were turning out and seeing that they were blurry he was deleting any blurry ones and would try and get better pictures. After he got a clear picture, which is when the 2 objects were right above us, we watched them travel over the house and out of sight. Later on that night we went back outside after we had gone inside for a while and there was an intense fog and we couldn't see the stars anymore. I think because of the moisture in the air my brothers were getting the Orb pictures.

Attached to this e-mail are the pictures of the objects we saw. Number 63 is the first object we saw and was taken just as the light on the object had gone out but you can just about see the object in the top centre of the picture. Picture 64 was taken as the second object we saw was overhead and had flashed, you can see the white light around the object. Near the lower left of the picture is the smaller white object. Because of the settings on the digital camera at the time we saw the objects, the pictures appear quite dark so its best to use Auto balance when looking at them, I also brighten them

03/12/2008

up a bit as well to see the objects better.

I have sent these pictures to Timothy Good and Nick Pope. Both couldn't say what the objects were and Nick Pope suggested that I get in touch with you.

Please could you e-mail me and tell me if you have ever seen pictures of similar objects before or have you any idea what these objects could be?

Thank you for the help

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	1 December 2008 18.50L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	A crest shaped object moving to the South East at the rear of the witnesses' property.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Not given.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The object was flying over Wettenhall, Winsford in Cheshire.
6.	Approximate distance.	Not given.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Not given.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	The sighting was reported to Cheshire Police, who in turn left a message on DAS answerphone.
10.	Name, address and telephone no of informant.	Section 40 Winsford Cheshire Section 40
11.	Other witnesses.	Not given.
12.	Remarks.	The Police Officer who took the sighting report, stated that he had rung Manchester Airport Control to see if they had spotted anything different, as Section 40 farm is near the flight path.
13.	Date and time of receipt.	2 December 2008 10.55L
