REPORT OF UFO SIGHTING

Call Time: 070925Z FEB 96

Name/Address: Section 40

Telephone:

The Sighting:

Date/Time: 020805Z FEB 96

Duration: 1 minute

Description: Was cube-like in shape although the top was bigger than the bottom giving it a 'metal cup cake' appearance. Had reddish glow to it. Was the size of 'several detached houses'

Position of Observer: Driving northbound on M3, just past the M25 junction. 'UFO' was about two miles away on the right. Seen with naked eye.

Height: First assumption was that it was a warning light on a building or mast so, several hundred feet.

Movement: Hovered for 60 secs then flew eastwards at very high speed.

Weather: Slightly misty with generally low cloud cover.

Reported to Others? No, only work colleagues.

Other Witness: No-one specific although the M3 was very busy so 'someone must have seen something'.

Comment: Section 40 seemed quite calm and rational about the whole thing and understood that we were only interested from a defence viewpoint. He did mention that he believed a similar sighting was made at Manchester Airport the same day (I didn't tell him that he had misread the reports). Section 40 was particularly interested in whether anyone else had reported the UFO.

**Nevada names lonely highway for strange sightings**

By Robert Macy  
The Associated Press

RACHEL, Nev. — If E.T. is ever looking for a place to phone home, or searching for a route back to his extraterrestrial kin, this tiny blip of a town may be just the ticket.

Long the mecca for sci-fi faithful who believe that we are not alone, Rachel is now the anchor for Nevada's newest attraction: the Extraterrestrial Highway.

Folks here are convinced visitors from outer space live just over the mountains to the south, at a top-secret government base known as Area 51 or Groom Lake.

"There are people and machines from other planets over there," Pat Travis said as she scrubbed breakfast dishes at the Little A'Le'Inn — a play on the word alien — the focal point of this town of 100. "I think our government is working in conjunction with them."

"I don't doubt for a minute that there are extraterrestrials," said Chuck Clark, an amateur astronomer who moved here 1½ years ago and has written a guidebook on the area. "To think we're the only life in the universe is ludicrous."

Area 51 is steeped in mystery. Here the government has tested exotic aircraft, including the U-2, SR-71 Blackbird, F-117A Stealth fighter and now the top-secret Aurora, said to be the successor to the high-flying Blackbird reconnaissance plane.

The military has refused to acknowledge the existence of a base in the heavily guarded area 85 miles northwest of Las Vegas.

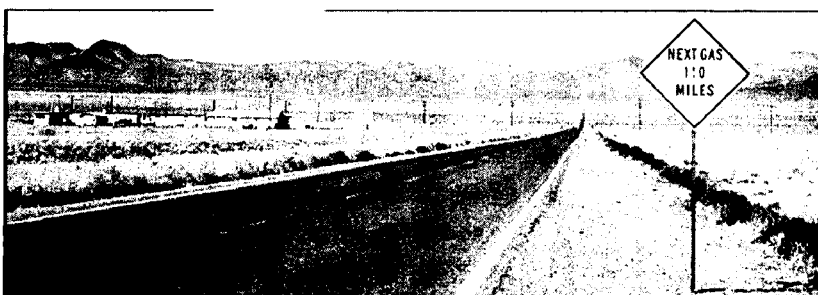

UFO buffs say an alien found in the crash of a spaceship near Roswell, N.M., on July 8, 1947, was taken to Area 51.

The Nevada Department of Transportation, mindful of the growing interest in this remote area, recently named the 92-mile stretch of state Route 375 the Extraterrestrial Highway.

Special road signs are planned for this desolate stretch, which draws about 50 vehicles a day.

Gov. Robert Miller suggested, tongue-in-cheek, that some signs for the Extraterrestrial Highway be placed flat on the ground "so aliens can land there."

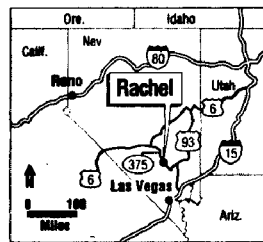

Miller said the new name shows Nevada has a sense of humor, as was the case several years ago

Highway 375: Some people in Rachel, Nev., are convinced that extraterrestrial visitors live just over the mountains. Photos by Bob Macy, AP

There are people from other planets over there: Pat Travis and her husband, Joe, sell UFO-related T-shirts, caps and books at their desert cafe.

USA TODAY

when a magazine named Highway 50's course through Nevada "the loneliest road in America."

"Instead of being insulted, we turned it around, set up way stations, and created T-shirts and bumper stickers reading, 'I survived the loneliest road in America,'" Miller said.

The state will erect four 3-foot-by-8-foot Extraterrestrial Highway signs this year.

The highway runs between the tiny hamlets of Hiko and Warm Springs, across terrain ranging from three mountain passes to desert decked with scrub brush and Juniper trees. The town of Rachel consists of a cluster of mobile homes, a gas station and the Little A'Le'Inn, a bar and cafe run by Travis and her husband, Joe.

On a recent morning, Pat Travis was tending to the kitchen, catching her breath from an invasion of Marines who stop by daily for breakfast before heading to duty at a nearby restricted military area.

Were they going to Area 51?

"Nope," she answered. "Where, then?"

"Can't say," she replied. Pat Travis said several people who live in Rachel work at Area 51, or the Tonopah Test Range to the north, where the F-117A was based while it was still a classified project. She said the workers, military and civilian, are closemouthed.

"I have never had anybody who works at Area 51 tell us anything," she said. "We've had some of them get pretty drunk and they still don't tell anything."

Clark, 50, said he's witnessed mysterious sights such as "glowing orbs of light" around Area 51.

Many have made similar sightings in this haven for UFO buffs, Clark said. "The stuff that is being seen is alien, but under the control of our government," he said.

The tiny cafe sells UFO-related T-shirts, caps and books. Its walls are lined with pictures of extraterrestrial types and photos taken from a distance of the hangars and 30,000-foot runway at Groom Lake.

The photos were taken before the government last year banned access to two bluffs overlooking the Groom Lake complex.

UFO fans still seek out the black mailbox alongside Highway 375 that marks the road leading to restricted land around Area 51. Armed guards keep gawkers more than 7 miles from the area.

But they cannot block the sights and sounds, Clark says, such as the mysterious light and the deafening roar that sweeps across the remote valley when the Aurora takes to the sky. "It's louder than anything I've ever heard," Joe Travis said.

The Travises bought the cafe eight years ago while Joe was working in Tonopah, helping build the F-117A base.

Pat Travis denied that the UFO stories are a ploy to sell paraphernalia at her tiny cafe. "I really believe in UFOs," she said, flipping a pancake on a griddle.

Pat Travis, 52, said once a strange beam of light pierced an iron door at the cafe. She has seen many strange sights in the nighttime sky, too, but has never encountered an alien being, she said.

Same for Joe Travis, 57. But he says he knows why: "I've heard if you smoke and drink, they won't have anything to do with you," the ruddy-faced, bearded Travis said, puffing on a cigarette while perched on a stool at the cafe's bar.

# ARE YOU READY TO MEET AN EXTRA- TERRESTRIAL?

There are no official channels they can use to establish a non-threatening contact. Legally they would be breaking several laws by invading our airspace, airways and territory.

How could they land somewhere without being seen to endorse the politics and morals of that country?

## THEY NEED AN OFFICIAL EMBASSY

On 13th December 1973, a journalist named Rael was contacted by a UFO. The occupant told him:

"We created humanity. You mistook us for Gods.

We were the ones who started all the religions on earth.

Now that humanity is capable of understanding this, we would like you to build us an Embassy".

The occupant explained how, just as we are now synthesising life in our laboratories using DNA, it was they who created all life on earth including "Man in their image" a long time ago. This was a work of love.

Traces of this epic masterpiece can be found not only in the Bible, but in the ancient texts of many cultures, as can their symbol of Infinity (see back page).

However, in the original Bible, it does not say "God", but "Elohim" which in ancient Hebrew means "Those who come from the sky" and is a plural, the singular being "Eloha".

It was they who sent all the PROPHETS such as Moses, Jesus and Mohammed to progressively educate humanity with a message adapted to the level of understanding of each age.

Now that we ourselves are synthesising DNA and so are scientifically advanced enough to understand our origins, they wish us to prepare an EMBASSY for them where they can meet with us, our governments and the media - without favouring one country or ideology above another.

## THE INTERNATIONAL RAELIAN MOVEMENT

Is a non-profit organisation which exists:

- \* To inform everyone about these messages without trying to convince
- \* To build an Embassy for the Elohim in internationally recognised neutral territory.
- \* To develop a global maturity adapted to the future not the past. We can only transform humanity by changing ourselves.

## WE INVITE YOU TO

- \* Read the complete messages to yourself
- \* Come to an audiovisual presentation or one of our informal meetings, organised around the country. There you can meet other people like you, who are also interested in hearing more about them
- \* Try out the techniques of Sensual Meditation

The basis of self-awakening lies in enjoying infinity through the pleasure of our senses, hence "Sensual Meditation", the set of techniques taught to Rael by the Elohim.

Have you ever wondered what the secrets behind life and death are? Is crime an illness? What are the keys to self-fulfilment? How can we achieve a world without money? What is humanity's real past and its possible future?

These are just some of the points dictated by the Extra-terrestrials, which Rael has now published as a book.

## THE SYMBOL OF INFINITY

This is the symbol of the Extra-terrestrials who created humanity and it represents infinity.

The star of David represents infinite space.

If you look inside an atom you will find subatomic particles which themselves contain clouds of galaxies,

stars, planets, people and more atoms, ad infinitum. Similarly, the stars we see at night are a minute part of a huge atom, which itself is part of another, etc. In this way the large repeats itself in the small, hence the two triangles illustrating "As Above, So Below".

The word "Swastica" comes from the Sanscrit meaning "well being". It is a Buddhist symbol and a religious symbol of India. It can be found in Christian catacombs, in Israeli Synagogues and ancient Mosques, in fact in every ancient civilisation of the world. It is part of the symbol given to us by the Elohim and represents infinity in time - no beginning, nor end.

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. Received a call from Section 40. Last Saturday morning (22 Feb), at 0215 hours, she and a friend were driving home north of Peebles and they saw two or three distinctive very bright lights in a field, hovering.

2. I explained the MOD position on "UFOs" and offered to let her know if any explanation came to light for the sighting. She clearly understood that we were not necessarily going to be able to come up with an explanation, but did not think what she saw was "extraterrestrial". She was just interested to know if someone else had seen it and could say what it was.

**UNUSUAL EVENT - REPORTED BY **Section 40**  
**Section 40**, DYFED **Section 40****

1. At about 22.00-22.15hrs on Sunday, 25 Feb 96, Mrs **Section 40**, accompanied by her 29yr old daughter, was driving south from Aberystwyth on the A487 road. About half way between Blaenplwyf and Llanrhystud they saw a large pale (whiteish) light in the 11 o'clock position at an angle of 30-45% from the horizontal. The light was diffused or "watered down" and most unusual. It moved slowly from left to right across their path.
2. Shortly afterwards several white lights appeared from the area of the first sighting and proceeded to approach the car, passing over it very, very low ("skimmed the car") from right to left. These appeared to "become" an elliptical white light behind hills to the left of them which eventually went out. As the lights crossed the car the observers were looking up at, perhaps, an angle of 80°.
3. **Section 40** seemed a very sensible and responsible person who does not believe in UFOs. However, neither she nor her daughter have ever seen anything like this before and, if we have an explanation, they would be interested to know.
4. The weather was cloudy at the time. **Section 40**'s telephone number is **Section 40**. We have had no other reports of such sightings to date and I find it difficult to imagine the cause of this.

REPORT OF UFO SIGHTING

95/188

Date: Friday, 25 August 1995.

Time: 2200 - 2230 Local.

Location: Latimer and Chesham, Buckinghamshire.

Reported by: Section 40  
Chesham, Bucks. Tel: Section 40.

Section 40 said that she was travelling in a car being driven by her daughter, Section 40 with her two grandchildren. As they were approaching Latimer from Chorley Wood her daughter noticed some lights above the car. Section 40 thought that they may be reflections of spotlights from a disco and they stopped the car to see if they could hear the music. It was completely silent. Section 40 made out a disc in the sky with a number of vivid green lights around the sides and she was completely mystified. As they drove off along a country lane towards Chesham, about 5 or 6 miles away, they could see the object apparently following them. When the car slowed the object appeared to slow as well, but on one occasion it appeared to come alongside. At this point she estimates that it may have been about 100 metres away but she was not able to give an estimate of its size. They stopped the car to have a better look and two beams of light seemed to appear from beneath the object towards the ground. They drove off again and it was still visible as they entered the residential area of Chesham, although it subsequently disappeared.

Section 40 said she had been plucking up courage to tell someone about what she saw and that was why it had taken several weeks to do so. She seemed to be somewhat embarrassed and feared that she would be dismissed as a crackpot. I think she genuinely believes that she saw something inexplicable that night.

*95/154*

Sir, I wish to report the following marginally named incident concerning the alleged sighting of an unidentified object above the informants' home address at 2250 hours on Saturday, 15 July 1995.

The concerned informants in this incident are as follows:

- 1. Section 40
- 2. Section 40
- 3. Section 40

All persons concerned were having a barbecue at the rear of their semi-detached dwelling when they describe a UFO type object seemed to just suddenly appear from nowhere approximately thirty feet away from the back door, hovering only a matter of feet above the adjacent bungalow that faces onto their garden area. It was established the viewing only lasted for five minutes in which time the object initially hovered, but then went on to make erratic jerky movements at the same height moving towards Sowerby Bridge.

## WEST YORKSHIRE POLICE

Both informants 1 and 2 state the object did not come from either left or right, but seemed to come down out of nowhere. The actual object is described in the following manner - shape, that of a Saturn like ball with an extended ring around its circumference. In addition, Miss **Section 40** states it had what appeared to be red portholes and distinct four blue lights as per the below diagram. They both stated no noise or sound originated from the object, which seemed to light only the rear garden area.

There is no indication of any obstructions or evidence it looked like any standard shaped aircraft.

It is clear all informants have been shocked by the experience and I formed the impression their account was genuine and consistent, although the content was somewhat bizarre.

I have not received at this stage any similar occurrences or sightings and therefore submit this report for your attention.
