## SOM1-01

The TOP SECRET/MAJIC EYES ONLY *Majestic-12 Special Operations Manual SOM 1-01 — Extraterrestrial Entities and Technology Recovery and Disposal* is the most important leaked UFO document ever to surface in the public domain.

The purpose was to provide instruction to military recovery units about the background of this Top Secret program and how to handle extraterrestrial craft, Extraterrestrial Biological Entities (EBEs) and related propulsion and weapons while deceiving the public and media that nothing important had crash landed. Note: The SOM1-01 manual states it was allegedly taken from Kirtland AFB Building 21 Unit KB-88; it describes a recovery and disposal effort of extraterrestrial entities and technology; it claims an Operation Majestic-12 was established by special classified presidential order on 24 September 1947 and is a Top Secret Research and Development - Intelligence Group; goals of MJ12 are the recovery of materials/devices of extraterrestrial manufacture, recovery of entities and remains of entities, establishment of Special Teams to accomplish this, establishment of special secure facilities to receive, process, analyze and study these materials, and the establishment of covert operation with CIA to recover craft/entities that are inside foreign territory.

The manual also states UAP technology surpasses modern science but is benign and UAP occupants are avoiding direct contact with humans; craft shape are discs, cigar, cone and triangle; UAP occupant types are short humanoid "Asians" with pale skin and wider eyes, and even shorter humanoids with large heads, large eyes that wrap around the side of the skull with no whites, two slits for a nose and a slit for a mouth, with three fingers and a thumb. The manual claims metallurgical analysis shows debris is not from Earth; materials are stronger than
