CONTEXT FROM ORIGINAL DOCUMENT

(PUBLIC DOMAIN) - 1982 — The daughter of "YR" states he worked for General Electric and accepted a contract job at WPAFB, where he and his assistant were taken by limousine, blindfolded, and taken to an underground level by elevator and taken to the work area. It was a morgue that was icy cold that had corpses inside glass cases, with humanoids who were short with clammy skin like a reptile and a head was like a frog, and webs on the hands.
