Part 2: UFO Crash/Retrievals: Status Report V – Is The Cover-Up Lid Lifting?

"... All available men stood guard duty around the site where a crashed disc had come down and they could not understand why the (non-human bodies) had to be kept cold, as there were trucks of ice. ...Although he and others were told they would get into trouble if they saw too much, they did look under the cover and saw two small dead bodies. He said they were like us, but not like us. They were smaller than a normal man with large heads and slanted eyes. He also said they looked yellowish, a bit Asian."
