Note: Petersen states he was twice the runner-up candidate to be the Secretary of the Navy, and he served in senior positions for a number of presidential political campaigns in the 1990s.

Petersen is also the founder of The Arlington Institute (TAI), a group connected to claims the Navy charged TAI with figuring out a plan to disclose ET "live among us," and claims TAI may have awareness of the conduit between private industry and government UAP work. Petersen is also a Board member of the Lindbergh Foundation.
