Black Triangles: Cornerstone of USA Space Fleet?

# Black Triangles: Cornerstone of USA Space Fleet?

This report voices what I have been suspecting for a long time; that the USA has a secret aircraft program responsible for the large triangular shaped aircraft that have been seen at night from time to time in the USA and occasionally elsewhere. The craft emulate USA stealth technology and they also show lights typical of actual aircraft. In short this is a UFO of terrestrial origins.

Way more important is that the craft's behavior powerfully suggests that the craft has gravity cancellation technology. It is often travelling way too slow to be relying on pure aerodynamics or so it seems. I could be wrong on this, but considering that I now have a clear grasp of how to address the gravity problem it would be no surprise at all. I am already well convinced it is possible and a natural intermediate step is to place this technology inside a large craft along with a real power plant.

Special Reports – Black Triangles

by Harry Howard

General George S. Brown

“I don't know whether this story has ever been told or not. They weren't called UFOs. They were called enemy helicopters. And they were only seen at night and they were only seen in certain places. They were seen up around the DMZ in the early summer of '68. And this resulted in quite a little battle. And in the course of this, an Australian destroyer took a hit and we never found any enemy, we only found ourselves when this had all been sorted out. And this caused some shooting there, and there was no enemy at all involved but we always reacted.

Always after dark, the same thing happened up at Pleiku at the Highlands in '69. General George S. Brown, USAF Chief of Staff, Department of Defense transcript of press conference in Illinois, October 16, 1973.

I often briefed General Brown when I was an intelligence officer at 7th Air Force Headquarters in Vietnam. After my first briefing to him, he sent me a note saying, “It's alright if you choose to wear your glasses.” Later he became Chairman of the Joint Chiefs of Staff. 1974 to 1978

to the various, aspects of their development and well into theaters of operation.”

The U-2, SR-71 and the F-117A from the depths of Lockheed's famed Skunk Works didn't become known to the public until after years in practical use. Today the evidence is overwhelming, secrets can be kept by aerospace industries and government. The so-called "black triangles" can be added to the list of secret black budget items. Funding would have come variously from "Star Wars" money, some of trillion that the Pentagon lost, programs that never were, and typically and easily done, "overruns," tacked onto other projects built such as the very expensive B-2 bomber and the F-117A.

Thousands of sightings of the triangles make it hard to quibble with that blanket assessment. The triangles exist. Verification comes continually that these mind-blowing craft exist. Almost every typical American citizens witness a huge and dark triangle moving low, slow and silently overhead. Some are so shaken by the experience that they pay particular attention to the vehicles, enough to make a decent determinations of the unique characteristics of the craft. The differences between the new method of hovering and moving through the air and that of conventional aircraft of any type are unmistakable and troubling and not forgotten to some witnesses. As a consequence and not so strangely, we know more about triangles, unofficially, than any aircraft ever secretly produced in this country.

Most of us interested in the term "triangles" know from regular media accounts that these craft demonstrate uncanny aerial displays to the public in the US and the UK almost daily. Rarely are these craft reported in any area outside of the US and Europe. Being so publically displayed on Western soil, why is it that after about thirty years of being witnessed these craft have not been revealed to the American public?

What is the point of hiding such remarkable craft if the intelligence agencies of potential enemies and even the man-on-the-street can easily figure out that these fabulous craft are our government's utility replacement for the dismissed space shuttle and manned rockets? Why allow the American public to puzzle upon why our leaders and planners have failed us, lost our edge in space to nations using rocket technology that we have abandoned for the most part and yet seemingly have forced us to purchase rides to the ISS for our equipment and crew from others? It doesn't make good sense unless there is an ace up Uncle's sleeve.

There are aspects to the situation that are not so simple to explain. But first, we need to establish the importance of the triangles to our real world situation. The triangles (and similarly powered craft) are the greatest development in the history of mechanical devices since the invention of the wheel. These machines are not true aircraft. They do not use the atmosphere (air) for lift or propulsion. Their basic feature sidesteps the effects of gravity. That totally different method of locomotion will allow us to literally transform human activities on earth and explorations into space. Basically, there are a mode of quick, reliable and low-cost transportation that will replace several other types currently used in/on the air, land and sea.

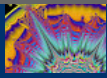

In addition, their almost miraculous bending of physics contrary to conventional views automatically gives them the distinction of being the greatest weapon ever placed in the hands of a world power. That feature alone is enough to explain why they remain top secret devices.

 [http://www.realityuncovered.net/blog/wp-content/uploads/2011/07/4817185866\\_0fe642d14a-300x230.jpg](http://www.realityuncovered.net/blog/wp-content/uploads/2011/07/4817185866_0fe642d14a-300x230.jpg)

That secret is handled is something else entirely and seems puzzling on the face of it. Seeming to move in impossible and unbelievable ways is the key to why we are allowed to see them performing in exactly such a manner. The secret keepers want us to notice the bizarre shapes and antics. Yet, why display the triangles so publically and not bring them forth after at least three decades of being reported in our skies?

investigations into the UFO phenomena?

The strategy behind that continued deceit is brilliant, even if a carryover of how officialdom has always dealt with the UFO, but it has another key component. And that is that the sightings of the triangles dovetail into and help perpetuate the on-going UFO drama that we live with every day. (Regardless of what many of you want to think, genuine UFOs, alien craft, present a very serious situation to all of Earth that eventually must conclude in some form of publically announced contact with ETs which will only be the beginning of the intervention.)

As it stands, a mysterious triangle exhibiting UFO-like capabilities is understandably labeled as a typical UFO sighting (another non-event) and with that classification assigned; all need for further investigation evaporates. Broadcast TV news: "Put on your tin-foil hats, folks, another mysterious triangle reported hovering over Boston last night." A follow up sentence will advise that the supposed event should not be taken too seriously as government officials showed little interest in the public's reports of the object. So it was something or nothing, but definitely not a secret government triangle-shaped craft because they don't fly them around in public like that. Right? After all, allowing a top secret craft to deliberately hover low over Boston on a Saturday night to be seen in all of its glory is totally absurd. Such an event goes against the basic rules in any playbook for black budget projects. The damned thing should be out West someplace, Area 51, maybe, not shocking the early night bar crowd in Boston. And so it goes, a type of UFO is witnessed but only civilians take notice.

Most of the world knows what the English letters of "UFO" represent and what they mean in some fashion. That understanding, that concept in itself, is a world-wide phenomenon of some note. Recognition and acceptance of the true meaning behind alien UFOs is a natural and required progressive step for humanity to travel because the triangles (one way or another) were derived from the bizarre physics of the UFOs and that foundation secret must be kept as long as possible even as the triangles become commonplace in our lives. So we have a rigged paradox surrounding the triangles/UFO relationship saga.

The second reason why the strange ways of the triangles is also strategic is just as important and twisted. Less than friendly countries will have noted for years now the reports of triangles in the Western media and have pay close attention to the details that clearly eliminate the craft from being conventional, even advanced, true aircraft.

How do they react to such news? They know

full well that UFOs are real alien craft, and they note that our machines mimic UFOs.

Anything but fools, they know that we know, somehow, the secret of the UFO method of power. They feverishly work on their theories if not prototypes. They would make bold and varied attempts to steal highly classified data in any way imaginable. They are masters at it. If the English hacker Gary McKinnon can learn important but not critical details about our space

sense?

As a result of our best capabilities being in full view to our potential enemies, the current situation in the world is generally stable because of the existence of the triangles. However, it is a very unbalance stalemate of course. As our black secret is known on far shores, it is doubtful that any major effort of any kind will be started by the laggards that could provoke the wrath of a fleet of space-capable, UFO-like triangles carrying a variety of weapons.

With the capabilities inherent in the triangles, without a doubt, we control all near-earth space, off-planet exploration and any serious surface wars that would be directly against us.

Not until a country announces a similar craft will we be forced to make our own admission and display our true dominance for the public to see. The longer it takes our enemies—and potential competitors—to build their versions of the mass less triangles, the better the odds against their ever gaining parity on that score alone. Despite what they suspect or know about our triangles, the smart potential adversaries would keep quiet as they do their own intense work.

As stated earlier, the new principles of physics in the triangles is the greatest weapon every developed by man for war...and we must add, also the greatest thing for commerce, as also was true for the wheel.

Any use of the new secret craft would not be left to the whim of military commanders, or even top government officials fueled by their own politician agendas but from a larger, more benign, general strategy of the world not based on old versions and visions of world conquest. It will be more of a philosophical ideology than being politically based. The so-called "coming of the saucers" in 1947 has disturbed the usually forces that rule Earth.

Initially, the earthlings in control panicked a world war had recently ended and political ideologies were running rampant across the world. These days, evidently the ETs have told Earth's leaders what they must do. We see signs everywhere of the changes and earnest efforts to transform the population of the planet from one state of mind to a more rational state of mine and being.

The New World Order, a dream for some and a nightmare for others, is being social engineered. Done in some countries by their own initiative and forced onto others by the UN to bring to fruition the plan. The major intent is to save the world from the destructive effects of mankind's boundless consumption of resources before it sickens and dies as a living planet. Rescuing humanity from its own restless need for war and/or economic conquest is secondary.

The eventual introduction of the triangles and similarly powered craft into commercial avenues and expanded but benign military use will ease many of the approaching burdens around the world. But as the ships go about their duties carrying aid in those dark days, many fists will be raised and shaken at them in futile anger. Let it not be more than that display. Otherwise, a ship with troops will be quickly summoned. Complete freedom will be remembered as a term briefly used in the foundation of the United States of American, but it was short-lived and was only a dream anyway. Perhaps a reset of the human apparatus of existence isn't such a bad plan. Maybe there is a better way.

Please be more specific about the "illustrations" for this report -- as to their possible origin in PhotoShop or from the hand-held cameras of genuine, identified/identifiable, human photographers.

Thanks much for this valuable story, which certainly should generate some very interesting responses from the people of Phoenix, Arizona USA.

"Complete freedom will be remembered as a term briefly used in the foundation of the United States of American, but it was short-lived and was only a dream anyway. Perhaps a reset of the human apparatus of existence isn't such a bad plan. Maybe there is a better way. "

When the jack boot of the NWO is on your neck you will want that "dream" very much. Ironically, If you were to return to liberty you would not be in the totalitarian train wreck we live in today.

The font you use for the article is very difficult to read. Great for headlines, or design elements, but I gotta tell you...I stopped reading after a paragraph or two. Too hard on the eyes.

Anonymous 23 June 2014 at 08:01

If you were really interested in the article you would have copied it to a word, wordpad, etc. file format and changed it to any one of a hundred or so fonts any size your weary eyes could handle. But you'd rather complain that solve the problem.

It's a legitimate complaint. The article is unreadable for me because of the font due to my glaucoma.

It IS a legitimate complaint; if you subscribe via RSS you'll receive a simpler format copy instead. Of course you can also click on the links at the end of almost every article and have access to plain old boring format versions at the original sources there, too.

That's a great find, showing that this article's servicing-on-the-tarmac photo has been faked up to replace a NASA shot of the Space Shuttle with an eerie Black Triangle Craft!!!

For lots more exposures of foto-fakery, mostly done by NASA themselves(!) you should check out the the really astonishing posts on this curious series of discussion threads:

Think for a minute. The fact you saw 'real extraterrestrial' activity in no way falsifies the fact that the US and other nations have developed equipment about which you know absolutely nothing. That's the point of spreading this information. See the links provided and you may begin to understand that the reality of extraterrestrials and the rerality of secret technology on Earth are NOT mutually exclusive. You live very close to the place where simple logic was so loudly expounded - why not use it yourself instead of being brainlessly insulting?

This is one of the worst Photoshopped pictures I have seen for a very long time. If you want confirmation yourself just compare the shadow detail under the people and the other trucks to the shadow detail under the triangular craft This is a genuine picture with the original aircraft cloned out and the Black Triangle added later. And, not added very well either.

Also ask yourself the question... why would any craft supposedly capable of vertical take-off and stationery hovering and silent flight need a runway and what appears to be jet-fuelling?

Wake up! This is just another distraction.

I would suggest however that this story is a mere tip of the proverbial iceberg, one would think that logic would prevail and allow the craft to be main stream so that we might unite and be a united force against any

The collaboration of these evil self centered groups with the superior alien races that also want to exploit the planet and its inhabitants is also evident, the half breeds and cloaked beings in human form that are in high profile positions posing as politicians advisors corporate heads or royalty further complicate the work of the genuine beings wanting to bring about the utopia that we all should have been living in 30 years ago at least.

The endless red flag spy ops mindless distractions of class race and religious wars, suppression of technologies that would free the planet of greed and destruction has to be stopped , only by the proliferation of researched and exposed hidden information will enlighten the masses to these facts, thanks to sites like this one that ordinary people that have awakened can continue with the spreading of the information discovered to help save us and the planet we reside and share to pass on to our future generations also.

HOW I BECAME RICH, FAMOUS AND PROTECTED:

Brothers of the world, just as the saying goes 'money makes the world goes round' My aspiration to become rich and famous was on the high side as a result of that i went on the internet search on how i can be a member of the great Brotherhood of Illuminati. I saw a blog owned by Jay Z where he said 'it's free of charge for those in America to become a member of the brotherhood' so he imputed the direct contact of the Temple Messenger together with the only assigned agent of the brotherhood USA agent Brother James Watt. I contacted agent Brother James Watt on his officials +1(617)663-8926 and he linked me up with the Temple Messenger. So the temple messenger forwarded my application to the Grand Master and i was lucky to be accepted. I was linked to my Initiation God Father (IGF) who made me observed the ten steps of initiation and i was finally inducted on the 20th night. Today i am proud to say I am a very wealthy, famous and highly protected man. my generation's future have been settled, i am extremely wealthy today is the help of Illuminati. Please if you want to be extremely rich, famous, protected and want a settled generation, or you want to end well in life because you are already rich, and want to protect your investment and future. please become one of us today and achieve your dreams. You can contact the Illuminati assigned agent on our officials through text message or call +1(617)663-8926. Then if you are overseas (Not in America) you can contact our internationally assigned agent on this officials through text, call or whatsapp +2348166739726. And if you wish to contact the brotherhood via the email from any part of the world our official email is illuminatikingdom56@gmail.com I will be glad to meet with you on your induction day i am Brother Calson Mark, Thank you.

HOW I JOINED THE ILLUMINATI AND BECAME RICH

Paul Smith is my name, I am here to tell the world that the Illuminati is real and true. This was how I became a member of the brotherhood of illuminati. I lost my dad when I was 18 years old and my mum at 19 so life was terrible for me and I don't know what to do anymore so a friend said he will introduce me to some sort of association that can make me extremely rich and wealthy also with protection so I begin to wonder how can that be done he introduced me to a member of the illuminati and I told them I wish to join. So I was initiated and I became a member of the brotherhood of illuminati when I was 22 years old and now I am 48 years old on my induction ceremony day I was given \$2,000,000.00 and after that I been paid \$80,000.00 per month I have so enjoyed the brotherhood I am rich today just because of the brotherhood and I have been made an agent to tell the world to come and join us, so to enjoy the benefit of living. i want to share my testimony of how i become rich and famous today... i was deeply strangled up by poverty and i had no body to help me, and also i search for help from different corners but to no avail... i see people around me getting rich but to me i was so ashamed of my self so i met a man on my way he was very rich and he was a doctor so he told me something and i think over it though out the day so the next day i looked up and i keep repeating what he said to me. " if you want to get rich quick and be famous" you need to cross your heart and do what is in your mind so i tried all i could in other for me to do as he said so later on i told my fellow friend about this same thing then my friend was interested in my suggestions so i decided to look in the internet and i found their number so we decided to contact them and unfortunately we did as they instruct us to do and later they told us to get some requirements and all the rest... so this initiation took us just a week and later on the great fraternity gave us \$1,200,000 to start up our lives.... and now am testifying that if in any case you want to join any great fraternity all you need to do is for you to

HOW I BECOME A BONA-FIDE MEMBER OF THE GREAT ILLUMINATI:

I am a very happy person today because i am now a full and bona-fide member of the great ILLUMINATI. I want to quickly Say a big thanks to Brother James Watt the agent of the brotherhood who introduced me to becoming a member of the great Brotherhood brothers and sisters here is my story. I was told by a friend that to become a member of the brotherhood is Very difficult, so i was thinking that i can never get the right link to join because i was scammed by three people whom i meant on the Internet and they promised to help me join but they never did. They collected my money and i was never initiated into the brotherhood. Until i was introduced to Brother James Watt and he told me the truth that those in USA Don't pay any money from their pocket to become a member of the Illuminati, and i am an American, so i was very Interested i called the temple messenger number i was given it was +1(508)834-6121 when i called, the temple messenger Told me what i need to do, i did it and i was initiated i did not pay a dine from my money to become a member. But i was told that those living outside USA may have to do certain things for the purchase of their initiation materials. But those living within the square of USA don't pay a dine. I followed all instructions and after my initiation, I was given all the benefit of becoming a member. As i talk to you am very okay and my future have been settled. I am well protected and i am wealthy and famous. Please if you wish to become a member of the great Illuminati contact Agent Brother James Watt on the Devil Church, (illuminatikingdom09@gmail.com) or those in the USA can call or text directly the Temple messenger on +1(508)834-6121. HOW I WAS INITIATED INTO WEALTH BY ILLUMINATI

Raul Mark Rosgate is my name and i live in Boston USA. I want to quickly tell the world how I became rich with the help of Illuminati. It came to a stage where things was very rough for me even to eat three square meal was a big problem for me so I thought right from time that to become a member of the illuminati is never possible for a poor man like me because all those I know that belongs to the organization are very wealthy and also rich. Although I had always wanted to become a member but was afraid to say it out because of my poor background. But when I lost my parents I was totally down and frustrated, and therefore I needed to be rich. So I did some researches on the internet and I found a name called Wilson Mills he said he's an agent of the illuminati so I tried to contact him and again I was afraid that I would be asked to pay money to become a member but behold I contacted agent Wilson Mills and he told me that becoming a member of the brotherhood is totally free of charge that no one pays a dine to become a member when I heard this I was so happy and I signified my interest immediately. So he directed me and gave me official number of the temple messenger so I called the temple messenger on this tel +1 (202) 798-6635. The temple messenger gave me the official email and asked me to email the illuminati official email illuminatikingdom666@iiaha.net so I emailed and then I got a response. to cut the long story short I was initiated free of charge and I became a full member of the brotherhood of illuminati. On my induction date I was given two million US dollars and I am been paid on monthly basis. As I write this message now I am very wealthy, I now ride on a limousine and also my future is secured. Infact money rules the world. Please if you want to be rich and wealthy, or you are already rich and wealthy but you want a secure future for you and your generations to come, I implore you to become a member of the illuminati today and let your dreams come true. To become a member, text or call the temple messenger on +1 (202) 798-6635 or email illuminatikingdom666@iiaha.net life is sweet when there's money.

Hello viewers, it is unfortunate that our secret fraternity have become what most people now use as there aim of getting money, I would say sorry to those who have falling to the once who claim of being an agent of our secret fraternity called Illuminati, any Illuminati member who doesn't show you his or her identity card is a fake and besides avoid those claiming a real agent on facebook there is no real agent on facebook due to the issue of fraudulent. The Illuminati is mainly from Egypt and Kenya, and note that our present head office is now in USA, it is no longer in UK again due to the fraudulent that are now existing there. there are only five agent which was recently send to Nigeria to establish the church of Lucifer over here. And the other thing is that we the real Illuminati are scarce and very hard to identify , you can only identify us with our email address and our email ID which normally include "666" on it, and please for those who haven't yet be scammed and are willing to join, please be careful cos there are alot of fraudsters and so many imposter now who claims they are real. So now I will want those who are interested to hit this email address :illuminatisolut ionworld@gmail.com for the link on how to join our fraternity or hit us a message on our whatsapp with this number +2347010774231 for quick conversation on how to start. And there are still alot of fraudsters on whatsapp now and please you shouldn't add anyone on facebook or email any how, make sure you are terrified with it before you make any attempt, so be careful and also please beware of fraudsters..

I was diagnosed as HEPATITIS B carrier in 2013 with fibrosis of the liver already present. I started on antiviral medications which reduced the viral load initially. After a couple of years the virus became resistant. I started on HEPATITIS B Herbal treatment from ULTIMATE LIFE CLINIC ([www.ultimatelifeclinic.com](http://www.ultimatelifeclinic.com)) in March, 2020. Their treatment totally reversed the virus. I did another blood test after the 6 months long treatment and tested negative to the virus. Amazing treatment! This treatment is a breakthrough for all HBV carriers.

## CONTEXT FROM ORIGINAL DOCUMENT

(PUBLIC DOMAIN) - 22 June 2014 — Alleged Vietnam-era intelligence analyst Harry Howard claims he briefed Gen. George S. Brown and that some “enemy helicopters” described on intelligence reports of the era were actually UAP. Howard alleges some black triangles are funded by USG/USG contractor black budget funds, lost money, cost overruns and SDI money; he claims the craft manipulate gravity. No evidence of his claims are given.
