

## **Vancouver Airship**

**August 13, 1897**

**William Retoff, "UFOs in History: The Great Canadian Starship Invasion**

**Ideal's UFO Magazine, No. 11. Aug. 1980, p.55**

---

**The last signs of unexplained aerial events during that period come from the gazettes of middle to late summer. Again the Hamilton Spectator relates the action - this time on August 13 episode at Vancouver. An object "that had all the appearance of an airship" was observed in that atmosphere moving east. This vehicle was supposedly one "seen at three or four different points in Manitoba and the Territories."**
