

# Plane On Fire?

Mill Bay, BC - May 28, 1962.

## APRO Report Form

Mrs. Clarke was looking out her window when she saw something that looked like a plane on fire. At first, the object came toward Mrs. Clarke but then it veered to the right (south) and soon was lost to sight by some trees. The object was orange coloured with streaks of darker orange in it. It was long and round, and spinning counter-clockwise. There was no sound and Mrs. Clarke could see no wings or fuselage. To this day, she doesn't know what it is.
