Prince George, B.C. had another UFO hover over it again on Thursday, March 2, 1967 at 7:30 p.m. It was described as mushroom-shaped, big, bright, and surrounded by an orange light. Mrs. Jon George and family watched a strange bright object moving across the southern part of the sky for 20 minutes before it disappeared. The weather office discounted the possibility it could have been a weather balloon. No signal was picked up on the RCAF Baldy Hughes Station's radar screen.
