

Intense White Light Over Williams Lake

Williams Lake, BC - November 6, 1967

**G. Duplantier, "Alien Crafts Curious About Our Cars and Occupants"
Flying Saucers, No. 58, June 1968, p. 24.**

Glen Fenig of Williams Lake, B.C. was on his way to Rutland early Monday November 6, when he saw a UFO. "It was a very intense white light", he said. "At first I thought it was a barn spotlight on a mountain in the area. It was about 30 times the size of a star and it zig-zagged", he said. "The light was enough to bother me while I was driving." It was seen for 45 minutes.
