## UFO Sighting

PRINCE GEORGE – A Prince George man and his two sons claim to have sighted a flying saucer over the tv tower outside of Hixon, Saturday.

The man, Ed Sandbach, and his sons, Brian 14, and Richard 19, reported that the saucer just "hovered motionless" over the tv tower while a series of purple and green lights pulsed around the entire craft.

Sandbach remarked that he knew it was a saucer because he witnessed the sighting in Toronto with some 700 other people eight years ago.
