

Four Low-Flying Objects

Brackendale, BC - April 9, 1970

Squamish Howe Sound Times, B.C. April 22, 1970.

During the past two weeks strange objects have been spotted in the sky over Brackendale on two occasions. In the early hours of April 9th (1970) a Brackendale resident spotted four low-flying objects moving slowly through the sky as their colours kept changing. On the same occasion a group of young people spotted the same objects over the sky at Squamish and followed the northward moving UFOS to Brackendale.
