Dear [REDACTED]:

President Johnson has asked us to reply to that part of your letter to him in which you told of seeing an unidentified flying object.

Unfortunately, you did not furnish enough information so that we could tell you what you saw. However, if you will complete the attached questionnaire and mail it in the inclosed envelope, our technical people at Wright-Patterson Air Force Base will be able to investigate further and make an evaluation.

Should you ever sight another unidentified flying object, please report it as soon as possible to the Air Force base nearest you. Each base has a UFO investigator, who is in a better position to make an on-the-spot investigation which usually results in a more accurate analysis.

In the meantime, we are sending you some literature that may help you identify the sighting. Thank you for reporting it to the Air Force.

Sincerely,

Dear President Johnson,

My name is [redacted]
[redacted] I am a 4th
grader. My father is [redacted] Base.
at Norton Air Force
I hope I am not
wasting your time. I
am, I'm really sorry.
Our class is doing
a project on presidents.
We each have a president
to report on. I tried to
pick you to report on
but my classmate, Patte,
chose you before I
had a chance to. But
still I am writing to
you because I think
you are a peace
and a good president.
I know you try
to help soldiers in
Vietnam because I heard
you talk about it on
television. I thought you
were great.
I wish you could
run for president again
because you would do
a lot for me and I'm sure you →

mean alot to others too.

Please write to me
because there isn't any-
thing else I love better
than a letter from my
favorite president.

P.S. On April 23, 1968, at night,
I saw a comet or some-
thing in the sky. While I
was watching it, all of a
sudden it exploded. I
still didn't find out what
it was so I'm asking
you if you know. What
it is. Thank you for listning.

Love
